8. MOTION: DROUGHT MITIGATION MEASURES BY THE COUNTY GOVERNMENT (HON. ANSELM MWADIME, DEPUTY SPEAKER, MCA MWANDA/MGHANGE WARD)

THAT, noting that Article 43(1) (9) (c) of the Constitution of Kenya, 2010, provides that every person has the right to be free from hunger, and to have adequate food of acceptable quality as one of the economic and social rights guaranteed under our Constitution;

FURTHER NOTING THAT, disaster management is a function of the County Government as stipulated in Part 2 of the Fourth Schedule of the Constitution of Kenya, 2010;

CONCERNED THAT, drought was declared a National disaster by the immediate Former President H.E Uhuru Kenyatta on **Wednesday 8th September, 2021** and that since then, the famine situation in Taita Taveta County has worsened due to persistent failed rains, which is taking a toll on both people and livestock;

FURTHER CONCERNED THAT an assessment Report by the National Drought Management Authority (NDMA) of mid this year indicated that over **75,000** residents of this County are food insecure, posing a danger to their lives, health and productivity, among other dangers of drought and famine;

AWARE THAT arid and semi-arid areas in Wundanyi, Mwatate, Voi and Taveta, which are the most affected, are in need of food and water; further giving rise to persistent human-wildlife conflict which has had negative impact on food security and people's livelihoods in the region;

NOW THEREFORE, this House **RESOLVES THAT** the County Government should do the following:

- i. Unlock utilization of the Emergency Fund in addressing this unforeseen drought, in particular supply of relief food and water to the most vulnerable families, and other nutritional supplements to children under the age of five.
- ii. Furnish the County Assembly with a well laid out response plan for famine mitigation, targeting the worst hit families or groups of persons; the implementation matrix for the plan and regular reports of the same;
- iii. In preparation for the anticipated short rains, provide farm input to farmers in form of seeds;
